TRANSFER AND ASSUMPTION AGREEMENT

This Transfer and Assumption Agreement ("*Agreement*") sets forth the agreement as to the transfer of the NPDES Discharge Permit, UIC Injection Permits and Air Permit identified on Exhibit A attached hereto (collectively, the "*Permits*") by Merit Energy Company, LLC ("*Existing Permittee*") to the Northern Arapaho Tribe and Eastern Shoshone Tribe ("*New Permittee*") effective as of June 1, 2021 (the "*Effective Date*"). All capitalized terms used herein but not otherwise defined will have the meaning assigned to them in the Permit.

RECITALS

WHEREAS, Existing Permittee will not serve as operator of the Circle Ridge Field effective June 1, 2021 and New Permittee will assume operations on that date; and

WHEREAS, Existing Permittee desires to transfer to New Permittee, and New Permittee desires to assume from Existing Permittee, the Permits and all of Existing Permittee's rights and obligations thereunder.

AGREEMENT

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereto, intending to be legally bound, hereby agree as follows:

1. Transfer. Subject to obtaining all requisite regulatory approvals, Existing Permittee hereby transfers all of Existing Permittee's rights and obligation in and to the Permits to New Permittee as of the Effective Date.
2. Assumption. New Permittee hereby agrees to pay, perform and discharge all obligations, responsibilities and liabilities required to be performed or discharged regardless of whether such obligations or liabilities arose prior to, on or after the Effective Date, relating to, arising out of, or incurred in connection with the terms, covenants and conditions of the Permits.
3. Ratification. New Permittee hereby acknowledges, agrees to, ratifies and adopts all of the terms, conditions, obligations, covenants or agreement contained in the Permits in all respect and the Permits shall continue in full force and effect.
4. Consent. The transfer of the Permits will be effective only upon the receipt of all required regulatory approvals. If New Permittee fails to obtain the financial assurances required to transfer the UIC Injection Permits on or before May 25, 2021, Existing Permittee reserves the right to file for a termination of the UIC Injection Permits. Notwithstanding Existing Permittee's reservation of right to file for termination after May 25, 2021, Existing Permittee agrees to work cooperatively with New Permittee and the U.S. Environmental Protection Agency ("EPA") and take reasonable steps to avoid the need for these Permits to terminate upon reasonable written request from New Permittee at no out-of-pocket expense to Existing Permittee. Further, New Permittee agrees that in the

event the transfer of the UIC Injection Permits is not approved by June 1, 2021, it will shut-in the associated wells and not conduct any operations under Existing Permittee's UIC Injection Permits unless otherwise agreed to in writing by the parties.

5. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Texas without regard to conflicts of law provisions hereof. This Agreement was prepared by all parties hereto and not by any party to the exclusion of the other or others.

This Agreement may be signed in multiple counterparts, each of which will constitute an original and all of which when construed together, will constitute one and the same instrument.

[Signature Page to Follow]

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the Effective Date.
